

Appendix O - Site Conditions

Factor / Description Definition	Comments Needed?
<u>1. Administrative and Legal Factors</u>	
1A: Federal / State / Local Law specify Federal / State / Local law in comments (e.g. Natural Rivers Act)	Y
1B: Non-DNR agency concerns specify agency and their concerns in comments (e.g. USFS)	Y
1C: Other Dept or Div procedures / practices specify Dept or Div (other than FRD) in comments and describe	Y
1D: Interest Group / Neighbor specify decision based on input from interest group(s) / neighbor in comments	Y
<u>2. Accessibility Factors</u>	
2A: Adjacent landowner denied access access has been sought and denied	
2B: Unknown if access through adjacent landowner(s) is possible access has not been sought yet	
2C: Engineered Bridge Needed (Dept. portable bridge not available or inadequate) specify type and length of bridge needed	Y
2D: Portable Bridge Needed (Dept. bridge will be adequate) specify length of bridge needed	Y
2E: Road needed resources are not currently available to build road and onus is too much to put on timber sale contractor	
2F: Too steep stand cannot be operated on with current equipment capabilities	
2G: Too wet (sensitive soils, year-round high water table, does not include access issues) stand cannot be operated on with current equipment capabilities without unacceptable damage to the soil or water table	
2H: Blocked by physical obstacle (e.g. upland stand in a lowland area - marsh islands) stand cannot be accessed without crossing an obstacle (e.g. travel through wetlands, topography limitations, etc)	
2I: Survey needed unlikely that current dept survey personnel can complete survey as needed	
<u>3. Special Management or Use Designations</u>	
3A: Potential old growth / biodiversity specify in comments	Y
3B: Threatened, endangered, and special concern species/communities specify in locked comments	Y
3C: Designated Quiet Area, Natural Area, or Wilderness official designations only, specify in comments	Y
3D: Recreational / Scenic values specify recreational site or scenic values in comments	Y

Factor / Description Definition	Comments Needed?
3E: Easement / lease, non-military specify easement / lease in comments (e.g. Luce County managed lands; Consumers Power red pine; undivided interests)	Y
3F: Military easement / lease specify easement / lease in comments (e.g. Camp Grayling)	Y
3G: Other Influence zones - See comments specify in comments (e.g. travel or water influence zones, etc)	Y
3H: Deer Wintering Areas deer management decisions constrain management of the stand	
3I: Historical / archeological identify in locked comment box	Y
3J: Water quality / BMPs (stream, river, or lake) management is constrained by concerns over the impact of treatment on the quality of nearby watercourses	
3K: Rare or unique landforms identify in locked comment box	Y
3L: Other wildlife concerns wildlife management, other than deer, decisions constrain management of the stand	Y
<u>4. Markets and Industrial Factors</u>	
4A: No merchantable products (see product standards) we can sell everything from small acreage to low volumes, but not unmerchantable products	
<u>5. Technological/Ecological Factors</u>	
5A: Not able to obtain desirable regeneration desired regeneration is hampered by ecological factors (e.g. too much deer browse, etc)	Y
5B: Retention for regeneration purposes e.g. shelterwood cuts	
5C: Delay treatment for age / size class diversity or exceptional site quality equalizing age / size class diversity within covertypes	
5D: Unproductive Forest Land land supporting trees, but not capable of producing more than 20 cu.ft./acre/year of any timber species (e.g. treed bogs, etc)
